

Privacy Policy for VerseVox

Effective Date: 8/26/2025

This Privacy Policy governs the manner in which VerseVox ("we", "our", or "us") provides its mobile application, VerseVox (the "App"). We are committed to protecting the privacy and security of our users. This policy outlines our practices concerning data collection, use, and disclosure.

1. Non-Collection of Personal Data

The core functionality of the VerseVox App is designed to operate without the collection of any personally identifiable information from its users. We do not require you to create an account, register with an email address, or provide any personal details to use the App. We do not track your location, access your contacts, or collect any demographic information.

All content consumption and application usage data remain exclusively on the user's device and are not transmitted to our servers or any third-party services for the purpose of personal identification or behavioral tracking.

2. In-App Subscriptions and Third-Party Payment Processors

The VerseVox App utilizes third-party payment processors (e.g., Apple's App Store) to manage and process in-app subscriptions. When you make a purchase, you are engaging directly with these third-party services, and your financial information is handled according to their respective privacy policies and terms of service.

We do not collect, store, or have access to any of your financial data, such as credit card numbers or banking information. We receive only transaction confirmation from the third-party processor, which is used solely for the purpose of verifying and managing your subscription status within the App. This transaction data is not linked to any personal identity.

3. Analytics and Non-Personal Data

While we do not collect personal data, we may utilize third-party analytics tools to collect anonymized, aggregated, and non-personal data for the sole purpose of understanding App performance and improving user experience. This data may include, but is not limited to, crash reports, device type, and operating system version. This information is completely anonymized and cannot be used to identify any individual user.

4. Third-Party Services

This Privacy Policy applies only to the VerseVox App. The App may contain links or integrations with third-party services that have their own privacy policies. We are not responsible for the data practices of these external services. We strongly advise users to review the privacy policies of any third-party services they interact with.

5. Children's Privacy

The VerseVox App is not directed at, and does not knowingly collect any data from, children under the age of 13. If a parent or guardian becomes aware that their child has provided us with information without their consent, they should contact us. We will take immediate steps to remove such information from our systems.

6. Changes to this Privacy Policy

We reserve the right to update or modify this Privacy Policy at any time. Any changes will be posted on this page with a new "Effective Date." We encourage you to review this policy periodically to stay informed about our data practices. Your continued use of the App after any changes signifies your acceptance of the revised policy.

7. Contact Us

If you have any questions or concerns about this Privacy Policy, please contact us at:
